NOVEMBER HEALTH EDUCATION AND WELLNESS PROGRAM—AIDS INFORMATION: Since 1981, more than 600,000 Americans have been diagnosed with AIDS and at least 385,000 have died. The first ever declines in AIDS incidence and deaths occurred in 1996, with drops of 7% and 25%, respectively. These dramatic decreases in AIDS cases and deaths are largely due to successful drug treatment programs. Despite the fact that AIDS incidence is down across the United States, the number of people living with HIV infections is rising. Estimates suggest between 650,000 and 900,000 are now living with HIV and at least 40,000 become newly infected each year. In the U.S., women now account for 16% of all AIDS cases, and the number continues to rise. Worldwide, more than 30 million people are infected with HIV. Last year, 5.8 million new HIV infections occurred around the globe. The majority of HIV positive people, in developing countries (an estimated 90%), are not aware of it. Approximately 11.7 million people have died around the world from AIDS. At this time, we have no vaccine and AIDS cannot be cured; it can, however, be prevented. Education, knowledge and safe behaviors are the keys to prevention. A packet of the latest information and statistics will be available at all medical facilities in November. Packets and lectures on AIDS and its prevention are also available upon request. Call Carol Roth, 867-3414, mailcode CHS-005, email Roth-L_Carol. (JJ-C)

NATIONAL DIABETES MONTH: November is National Diabetes Month. The KSC Fitness Center staff and a nurse from Occupational Health Facility will be visiting various NASA facilities to distribute educational brochures about diabetes. Nearly 14 million Americans have diabetes, and half do not know it. Visit our display to learn if you are at risk. Our schedule is as follows: November 9, HQ Lobby, 11 a.m. - 1 p.m.; November 16 and 18: Capeside Cafeteria, 11 a.m. - 1 p.m.; November 23 and 25: OSB Cafeteria, 11 a.m. - 1 p.m. (JJ-C)

MAMMOGRAMS AT KSC: The Women's Center for Radiology will offer mammograms to women 35 years of age and older and for women younger than 35 with doctor's orders. The mammograms are offered on a "Low Dose Unit" by a certified technologist and are read by a Board Certified Radiologist. A video presentation of breast self-exam is included in the 30-minute procedure. Services will be available to NASA civil servants in conjunction with the Federal Employees Health Program (FEHP) physical exam. Services are available to all other employees at a charge of \$60, payable at the time of services by cash or check. Insurance forms will be provided upon request. The mobile unit will be located in the southwest corner of the KSC Headquarters parking lot. Appointments are required and may be obtained by calling 1-800-367-1870. (JJ)

EMERGENCY MEDICAL ASSISTANCE: NASA has contracted with SOS International to provide emergency medical assistance for NASA Civil Service and contractor employees who are traveling overseas on official NASA business. The Occupational Health Facility (OHF) at KSC has information about this service for personnel traveling overseas. Those people traveling to the TAL sites in Spain and Africa will be provided this information by the GOMs prior to each trip. Before beginning your international travel, please contact the OHF to receive an SOS access card and access service guide. Appointments can be made at the OHF by calling 867-2025. (JJ-C)

EMPLOYEE ASSISTANCE PROGRAM: All employees are reminded the Employee Assistance Program offers free, confidential counseling to all Kennedy Space Center and Cape Canaveral Air Station employees. Appointments are necessary to ensure adequate time. This program is available Monday through Friday, 7:30 a.m. to 4:00 p.m. Appointments may be made by calling 867-7398. (JJ-C)

NATIVE AMERICAN HERITAGE MONTH: The Native American Intertribal Council of KSC is sponsoring an **exhibition Pow Wow** on November 9, 1998. The Ceremony will begin at 10:30 a.m. with presentation of the Colors by the Merritt Island High School ROTC and will continue until 3:00 p.m. No food will be served this year. All KSC employees are invited to come enjoy the free entertainment and to stop by the educational exhibits. Native American Dancers, Drummers, and Storytellers will demonstrate their cultures throughout the day. All employees must have supervisory approval to attend. For more information, please contact Jean Rhodes at 867-2307. (AJ)

USE OF MULTICOLOR OFFSET PRINTING, COLOR COPIERS, AND COLOR PRINTERS: Managers and employees are reminded that all color printing/copying must be in accordance with NPG 1490.5A. The NPG states that offset printing in two or more colors is prohibited for work in which additional colors provide no demonstrable value, but are used primarily for decorative effect. The unnecessary use of color products costs the government additional money without additional benefit. The NASA Inspector General has reviewed various agency products and determined that color products have increased significantly. Managers at all centers are to ensure requests for multicolor printing and color copying are only made when the use of multiple colors adds demonstrable value, not just cosmetic appeal, to the product. For more information, contact the KSC Printing Management Officer, Ted Courson, 867-4256. (FF-S2-A)

KSC LIBRARY: The following specifications/standards are available in HQ, Room 1124, Library-D, or by calling 867-3613:
JSC-SL-E-0002 Change 81, 9/18/98 "Space shuttle specification electromagnetic interference characteristics, requirement for equipment"
KSC-STD-E-0002 Revision C, 9/28/98 "Hazardproofing of electrically energized equipment, standard for"
Due to a printing error at JSC, the previously announced revision of **JSC-SE-S-0073** Change 74, 8/25/98, was defective. If you have already obtained a copy of JSC-SE-S-0073 Change 74, 8/25/98, corrected copies, with a **cover memo dated 9/22/98**, are available in Library-D. (FF-S2-A)

CONFIDENTIAL FINANCIAL DISCLOSURE REPORT (OGE FORM) FILING: Those individuals reporting to a position for which there is a requirement for an initial and annual 450 filing are reminded the INITIAL filing must be completed no later than 30 days after reporting to that position. Forms are available from the Office of Chief Counsel by calling 867-2552. (AF)

DISCRIMINATION COMPLAINTS: Whenever a NASA KSC employee or applicant for employment believes they have been discriminated against based on race, color, religion, sex, national origin, age, or handicap, the employee **must contact an EEO Counselor within 45 calendar days** of the incident giving rise to the complaint. An informative Equal Employment Opportunity Program poster with counselors' identities and further complaint information is on all KSC Official Bulletin Boards. EEO Counselors are trained to inform you of your rights, answer your questions, and can do limited fact finding into your allegations. Counseling is a confidential process, and only the employee can authorize a counselor to discuss his or her issues with another party. For further information, contact the KSC EO Program Office at 867-2307. (AJ)

ORDERING BLANK FORMS/PUBLICATIONS: All requests for blank forms and publications should be submitted on KSC Form 7-11 to the Forms Warehouse (mailcode: "FORMS WAREHOUSE"). Allow approximately 5 working days to receive the requested material. Any requests for emergency or work-stoppage forms will be handled by Forms Control by calling 867-3590. Customers should not go directly to the warehouse to pick up forms without calling Forms Control first. Customers cannot call the Forms Warehouse direct because they have an unlisted telephone number. (FF-S2-A)

ATTENTION ALL SUPERVISORS - DETAIL OF AN EMPLOYEE: Before you detail an employee to another position or to a statement of duties for any period of time, contact the Personnel Management Specialist who services your organization. Details expected to exceed 30 days must be documented by an SF-52 (request for Personnel Action). Details are normally limited to 120 days; therefore, a request to extend a detail beyond 120 days must be fully justified. The request for extension, with a written justification, must be forwarded to the Personnel Office at least 30 days prior to the expiration of the initial 120-day detail period. Details to higher-grade positions which will exceed 120 days must be made under competitive promotion procedures. Failure to observe prescribed detail procedures constitutes a violation of KSC, NASA, and Office of Personnel Management regulations. (HM-A-3)

KSC LIBRARY CLEARANCE REQUIREMENT: All NASA and contractor personnel are required to clear with the KSC Library when transferring or terminating employment at KSC, in accordance with KMI 2240.1 (as revised).
